Dear TPC,

Integrated Assessment for proposed Stadium at Macquarie Point

The stadium is a money pit for the state for many years to come & many planning legislations relating to this has not been created including impact to local roads, public transport requirements.

I have read and fully endorse the submission made by Our Place - Hobart.

The AFL should be fitting the entire cost of the stadium to build and ongoing and any upgrades to roads or infrastructure required to have their stadium. Including paying market value for the land at Macquarie Point and Rosny Park lands

Yours faithfully,

Angela Broderick
