I wish to make a representation regarding the Kangaroo Bay Hotel Major Project Draft Assessment Criteria.

I would like the POSS process to contain separated assessment criteria regarding the following project compliance issues:

1. The Tasmanian State Coastal Policy 1996;
2. The Spotted Handfish. Surely up to date near field and far field surveys are required along with a construction impact assessment given the significant amount of contaminated sediments in and around the project;
3. The State Planning Provisions - Natural Assets Code 7.0 - C7.2.1 (b) Future Coastal Refugia Area assessment; and
4. The State Planning Provisions - Coastal Inundation Hazard Risk Code C11.0 assessment.

Yours sincerely,  
James Lockley
