**Subject:** Draft amendment

The General Manager

With reference to the planned draft amendment to the rezoning of the land bounded by William Lyttleton Taylor and Waterloo Streets I request that due to the boundary fence on the Westbury Showgrounds being in the incorrect position consideration be made to the following

That the planned subdivision of this land make provision to widen Taylor Street from the western side to eliminate the risk in future years of requiring moving the existing boundary fence on the showgrounds. If this issue is not resolved now issues with the show ground will keep recurring .
