Dear Mr Ramsay

I refer to the Direction issued by the Tasmanian Planning Commission on 13<sup>th</sup> October 2022, which allows all parties to submit their expert evidence by close of business on 19<sup>th</sup> January 2023.

It is taking longer than anticipated for one of our experts to complete their report. We would be grateful if the Commission would consider allowing a further 28 days for expert evidence to be submitted.

Yours sincerely
