Hello,

I agree with the set of draft guidelines that have been set out for the stadium POSS.

Despite what "Our Place" and others has stated, it is vitally important the process considers "the effects of Tasmania having AFL and AFLW clubs". The contract with the AFL clearly states that a Stadium is a vital part of our AFL licence. The POSS should not assume anything different. The many benefits that will come with our own AFL licence (one we have coveted for decades) should be considered alongside those of the Stadium.

Thank you,

Patrick
