**DRAFT KENTISH LOCAL PROVISIONS SCHEDULE - TASMANIAN PLANNING SCHEME**

Dear Mr Monson,

Thank you for your letter of 6 May with an invitation to comment on the new State Planning Scheme (TPS) as it applies to my property *Iris Farm Private Nature Reserve* at 2100 Cradle Mountain Road, Moina 7310, Property ID 6495948, Title Reference 235186/1.

As owner of this property it is noted that the TPS does not recognise the covenant that is applicable to my property for the conservation and protection of biodiversity and landscape.

In response to your invitation I now request please, that my 291.9ha *Iris Farm Private Nature Reserve* as gazetted on 4 July 2003 pursuant to the *Nature Conservation Act 2002* in accordance with Section 34, be rezoned from 'Rural Zone' to 'Landscape Conservation Zone' (LCZ) as based on the stated Guidelines LCZ 1 of which it complies.

I look forward to your consideration and a favourable response.

Thank you,

John R Wilson
