Subject: Kingborough draft LPS.... We Agree to recommendation of Rural Living Zone for [REDACTED]
[REDACTED].

To whom it may concern

I refer to letter dated 2nd April 2026.

My husband and I own a property at [REDACTED],Tinderbox.Tas

Under the draft LPS our property was exhibited within the Landscape conservation Zone and is recommended in the Ireneinc report instead to be included within Rural Living Zone.
My husband and I strongly agree with this recommendation.

We have read documentation provided on the links in the received correspondence and understand the impact the zone changes will have on properties within our area.

As a result of the zoning changes, we are convinced The Rural Living Zone is appropriate for our property.

We trust that you will note our submission in agreement to this recommendation.

Yours faithfully

Tracey Maxfield
