To Whom it may concern

In reply to your letter dated 2/4/2026 proposing Landscape conservation to our property [REDACTED]  
[REDACTED] blackmans we do not want Landscape conservation and want our property to remain as rural living.

We accept rural living.

We would however like clear and concise written information on what the council deems rural living to now be in 2026 and what it then means for our property.  
Is our property A B or C rural living.

Thank you

Jane and David Harvey
