Subject: CM: Recommended zone in ireneinc report

Thank you for your letter advising us of the changes recommended by this report for our property at [REDACTED]
[REDACTED] Tinderbox TAS 7054, Australia.
When we purchased our land around 45 years ago we bought it with the knowledge that it was classed as Rural/Residential as we were involved in breeding stud animals.
We fully endorse the return to Rural living.
Kind regards,
Shelley and Neil Johnson
