| <b>State Policy on the Protection of Agricultural Land 2009</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| <p><b>Purpose:</b></p> <p>To conserve and protect agricultural land so that it remains available for the sustainable use and development of agriculture, recognising the particular importance of prime agricultural land.</p> <p><b>Consideration:</b></p> <p>The revisions proposed by this draft amendment are not impacted by the State Policy on the Protection of Agricultural Land, or the way in which the policy is applied through the planning scheme provisions. The proposed draft amendment limits the entirety of the overlay to land contained within the road reservation.</p>                                                                                           |
| <b>State Policy on Water Quality Management 1997</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| <p><b>Purpose:</b></p> <p>To achieve the sustainable management of Tasmania's surface water and groundwater resources by protecting or enhancing their qualities while allowing for sustainable development in accordance with the objectives of the RMPS.</p> <p><b>Consideration:</b></p> <p>The draft amendment is consistent with this State Policy on Water Quality Management, as water quality will not be adversely impacted by the proposed draft amendment.</p>                                                                                                                                                                                                                 |
| <b>State Coastal Policy 1996</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| <p><b>Consideration:</b></p> <p>The land subject to this draft amendment is not in a coastal zone and the Coastal Policy does not apply.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| <b>National Environmental Protection Measures (NEPMs)</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| <p>The <i>State Policies and Projects Act 1993</i> recognises National Environmental Protection Measures (NEPMs) as State Policies.</p> <p>Current NEPMs include:</p> <ul style="list-style-type: none"><li>• <i>Air Toxics</i></li><li>• <i>Ambient Air Quality</i></li><li>• <i>Assessment of Site Contamination</i></li><li>• <i>Diesel Vehicle Emissions</i></li><li>• <i>Movement of Controlled Waste between States and Territories</i></li><li>• <i>National Pollutant Inventory</i></li><li>• <i>Used Packaging Materials</i></li></ul> <p><b>Consideration:</b></p> <p>None of the NEPMs are relevant to this draft amendment. There are no known site contamination issues.</p> |
