Subject: FAO: GM Clarence CC - Rosny Hill

Dear all at Clarence City Council,

As a resident of Rosny Hill, I would like to add my thoughts to the discussion regarding the rezoning of the area from Recreation to Environment Mgmt. I support the initiative on the basis that greater recognition of the natural beauty of the bush, wildlife and glorious publicly accessible views will hopefully result in better care and protection for the area.

Whilst Rosny Hill could be a wonderful attraction, it is often strewn with litter and known as a hang out for young people seeking a secluded spot. Having to dive for cover because of idiots doing burnouts is an experience I am lucky to have lived through. It would be amazing to have the place better cared for and to have more funds available to invest in the upkeep of the area. The view is great from the top and with a bit of TLC the paths and landscaping could be dramatically improved.

I do apologise for missing the deadline for consultation. It has been a busy period leading up to Christmas and I hope my views will still be able to be heard by the general manager.

Many thanks for listening.
