Dear Submissions,

I write to you in regard to our property 111 Milldam road we have over the years had to do various Natural Values reports into this property. We have a current one that we have done for bushfire management plan it looks different to what you have posted. We would be prepared to go through this with your planning department I have rang your office today 17/03/22 to ask for someone to talk to me however I was told there is no guarantee someone could talk to me before the submission date closes. Please take this as a representation that we require further information on 111 Milldam road.

Stuart Greenhill
