Dear Sir /Madam Sent from my iPad. Re Council ref: MGH: sh.da140/06. June 15th 2006. Advised that rezoning not approved at this point in time. Land Cherry Hill Road Latrobe .title c.t.vol-21089 folio 1. August 2011 we purchased lot 2 and are now requesting to have both titles lots 1&2 included in this rezoning. It seems a natural progression as just over the street from residential housing. A lot of time has lapsed since our original application and land parcels have been filling up quickly .What are our chances of rezoning now and what would the process be. We paid the application fee on 19/05/2006. We would like to sit down with you to discuss this as soon as possible.

Yours faithfully Dennis Clarke ph 0408140931
