HOBART TAS 7001

15 September 2022

Dear Sir Madam,

RE: DOC/22/67843 Draft Amendment PDPSAMEND-2021-022802 – 60B Skyline Drive Howrah

We are the owner occupiers of 60B Skyline Drive Howrah.

Thank you for the commission's direction regarding impacted parties providing advice to the commission on the experts they intent to engage prior to hearings, and a suitable timeframe to submit that evidence.

At this point in time, we have been unable to locate available experts to engage and advise us further. Therefore, we respectfully request at least a further 90 days so we may properly engage suitable experts to advise us, and in turn the commissioner, on a more suitable hearing date.

Concurrently with the above, we have day jobs and are working on a private submission for the Disability Royal Commission which has been a high priority given its social impact.

Yours sincerely

Nigel Barling
