

# TASMANIAN PLANNING COMMISSION

## **Tasmanian Planning Scheme - Hobart draft LPS**

### **Direction for the Information of all interested parties**

### **Publication of Documents on the Commission Website**

The Commission has made the following changes to the Hobart draft LPS assessment webpage  
[LPS-HOB-TPS - Tasmanian Planning Commission Website](#)

#### **Draft LPS overlay maps – C6.0 Significant Trees and Local Heritage Precinct**

Replacement of the PDFs labelled “Draft LPS overlay maps - C6.0 Significant Trees and Local Heritage Precinct” (Maps 5, 7 and 9 of 15 only) with revised PDFs labelled “Draft LPS overlay maps - C6.0 Significant Trees and Local Heritage Precinct” (Maps 5, 7 and 9 of 15 only).

The revised PDF correctly shows the extent of the proposed Local Heritage Precinct overlay, having previously shown the proposed Local Heritage Precinct overlay and proposed Places or Precincts of Archaeological Potential overlay merged together as a single overlay.

The replacement PDF has been published and is annotated to reflect this direction, making it distinguishable from the incorrect map. The PDF labelled “Draft LPS overlay maps - C6.0 Places or Precincts of Archaeological Potential” (Maps 5, 7 and 9 of 15) continue to show the correct application of the proposed Places or Precincts of Archaeological Potential overlay.

John Ramsay
