Dear Mr Ramsay

**Application of Attenuation Code – King Island
Draft Planning Directive No. 11 and Interim Planning Directive No. 8**

Thank you for your correspondence of 7 July and 28 July 2023 providing advice as to whether an assessment of draft Planning Directive No. 11 should be undertaken and whether it should be given effect as an interim planning directive, including recommended changes to the submitted drafting of the planning directive.

I have accepted the Commission's recommendation given under sections 10(3) and 12A of the former provisions of the *Land Use Planning and Approvals Act 1993* (the Act) that the draft Planning Directive No. 11 should be assessed and that it should become an interim planning directive. I have also accepted the Commission's recommendation that changes to the submitted draft planning directive should be made to ensure it may operate technically in the setting of the *King Island Interim Planning Scheme 2013*, and to clarify the spatial extent of the attenuation area for the Dolphin Tungsten Mine at Grassy (measured 2000m from the lot boundary). Copies of the revised draft Planning Directive No. 11 and Interim Planning Directive No. 8 in Microsoft Word format are attached for your information.

Under section 11(1) of the former provisions of the Act, I direct the Commission to undertake an assessment of draft Planning Directive No. 11.

Having given the above direction, I wish to advise that under section 12A(2) of the former provisions of the Act, I have issued Interim Planning Directive No. 8 in the terms of draft Planning Directive No. 11. Interim Planning Directive No. 8 will take effect on 11 August 2023. King Island Council will be notified of the issuing of Interim Planning Directive No. 8.

Also, under section 14(2) of the former provisions of the Act, I approve the Commission to make any necessary amendments to the *King Island Interim Planning Scheme 2013* in order to give effect to Interim Planning Directive No. 8.

If you wish to discuss the interim planning directive, please contact the State Planning Office on 1300 703 977 or by email stateplanning@dpac.tas.gov.au.

Yours sincerely
