Phone
Number: 0428818939

Address
line 1: 264 Green Hills Road

Address
line 2:

Postcode: 7331

Suburb: Stanley

Your comments : I write to you as a dedicated resident and farmer who has called the enchanting Greenhills of Stanley home since 1996. My 150-acre farm, where we cultivate crops, raise cattle and sheep, has provided not only a livelihood but a profound connection to the land and the natural beauty that surrounds me. The Stanley Peninsula has been a cherished place for me, a sanctuary of natural wonders, and a testament to the harmony between sustainable farming and the captivating landscapes. Our family, including two beloved grandchildren, thoroughly enjoys visiting. They revel in the delightful views that greet them from our sunroom, where the beauty of North Point and Three Hummock Island unfolds before our eyes. The joy of these moments is only rivalled by the experience of listening to the penguins and observing the graceful wedge-tailed eagles as they grace the skies with their presence. Our visitors are equally enchanted by the views and the serene atmosphere that permeates this region. As someone who commutes daily from Stanley to Smithton, I look forward to the scenic vistas I encounter on my way home from work. The landscape offers a moment of respite and connection with the natural world, a cherished interlude that helps me transition from the demands of the workday to the tranquillity of my rural home. The proposed Scenic Protection Area (SPA) designation is an important for those of us who have made this land our haven. It ensures that the quiet charm, the untouched beauty, and the stunning vistas that define this region will be safeguarded. Our family gatherings, the laughter of our grandchildren, and the peaceful moments in the sunroom are all made more precious by the assurance that the integrity of our landscape will be preserved. Appropriate development that respects the balance between progress and preservation is something I wholeheartedly welcome. This is

not only a gesture of safeguarding the land but also preserving our way of life and the allure that draws visitors to this remarkable region. In conclusion, I extend my heartfelt support for the Scenic Protection Area designation. It resonates with the values and aspirations of those of us who have cherished this land for years. This recognition not only safeguards our heritage but also acknowledges the importance of responsible development, creating a thriving, harmonious community that cherishes the beauty that defines our unique corner of the world. Thank you for your dedication to preserving the essence of the Stanley Peninsula, a place that means so much to my family and the broader community. The scenic protection ensures that generations to come will continue to cherish and enjoy the same wonders we have been fortunate to experience. I also support the broader scenic protection of Circular Head regions.
