Dear TPC,

**Integrated Assessment for proposed Stadium at Macquarie Point**

As a born-and-bred Tasmanian, I've wanted our state to have an AFL team since I was a child. Instead of sending our best & brightest players to the mainland we should be able to nurture them here.

I have read and fully endorse the submission made by Our Place - Hobart.

What has concerned me the most about the AFL deal is the strict stadium requirement and the lack of planning that went into it's design & placement.

There was already a widely accepted master plan for Mac Point, and it got thrown away for this thought bubble. We need a proper analysis of the impact the stadium will create on the area (specifically height & traffic), and consideration given to alternative sites (either existing or new).

Yours faithfully,

Cameron McShane
