Subject: CM: Kingborough draft Local Provision Scheme

Good morning Nick,

Thank you for your letter dated 2 April 2026. On behalf of all owners of [REDACTED] Howden, TAS 7054 (CT [REDACTED]), I wish to express our support for the recommended zone change to Rural Living as outlined in the Ireneinc report.

The Rural Living Zone more appropriately reflects the existing use, lot size and established character of our property and the surrounding area. It also correctly identifies residential use as a permitted use, rather than discretionary, which is a significant improvement over the originally proposed Landscape Conservation Zone in the draft LPS.

We therefore confirm our support for the recommended zoning in the Ireneinc report, as referenced in your letter.

Kind regards,
Perri Pitt
