Subject: Re: DRAFT AMENDMENT: PSA-1/2020 - written representation

General Manager
Huon Valley Council
40 Main Street,
Huonville 7109

We refer to the draft amendment to the Huon Valley Interim Planning Scheme 2015 to amend the Attenuation Area Overlay applicable to the Cygnet Treatment Plant at 7321 Channel Highway, Cygnet ('CTP') under former Section 34(1)(b) of the Land Use Planning and Approvals Act 1993 ('Act'), under the reference PSA-1/2020

As the owners of property directly affected by this decision, intending to reside there permanently in the near future, we acknowledge with thanks the letter of 5 November 2020 of Mr Michael Bartlett, Manager (Development Services) advising us of this proposal and the opportunity to comment.

Based on our own experience and the comprehensive analysis supporting this proposal, we believe that this proposal is well-founded and a suitable amendment to the attenuation arrangements for the Cygnet Treatment Plant. We do not have concerns about the adjustment of the attenuation distance and do not consider it problematic from the point of view of a neighbouring property.

Thank you for taking our perspective into consideration.

Yours faithfully

Antony Taubman
