<b>References</b>	Priority Vegetation Report
<b>Comments</b>	My wife and I don't understand why our property has a Priority Vegetation Area over it. The only native vegetation on our property is one old eucalypt tree, the rest of the property, other than where the main dwelling is, is paddocks where we usually graze cattle and horses. Please explain why our property has the Priority Vegetation Area over it and what evidence has been used to form the opinion that this necessary. We object to this.
