<b>Comments</b>	<p>The proposed zoning on our property at 128 Sculthorpes rd in Nicholls Rivulet as "landscape conservation" is not an accurate zoning of its historical and current use. The property has been a hobby farm for over 30 years since beginning habitation and we have had livestock on the property continuously. Rural Living would be a more appropriate zoning.</p> <p>We have used the natural resources for income and survival. We cannot connect to mains water and as such have to pump water from the creek. We harvest firewood for heating. In the past we have sold trees for power poles the proceeds of which were used connect us to the electric grid. We rely on our right to use our land for not just our lively hood but our survival.</p>
