Title ref, 147364/4, 147364/2, 120775/1, 147364/3, 147364/1, 245056/1. I have a rural holding at Upper Woodstock comprising 9 titles. These titles are not fenced separately, but are used for grazing livestock throughout to year as part of modest beef business. As part of the TPS, 6 of these titles are intended to be changed to "Landscape Conservation" , which will add restrictions to the current use. I see no reason why they could not be categorized as "Rural" as it is currently used.
