### **Extension of period to allow comment:**

Dear Sandra Hogue,

Further to your letter to Mr Ian Boersma, Heritage Tasmania, regarding NMC Draft Amendment 01-2020, calling for further information, could you please advise whether I can place a further submission once Mr Boersma's new information has been received by the Commission and made available to all parties.

As Mr Boersma's information and recommendations will be submitted well after the official deadline, it would seem only fair that the other objectors/representatives are given an opportunity to respond.

Sincerely,

John Izzard.
