**Subject:** Submissions for proposed subdivision Cygnet

Dear Sir / Madam

As a resident of Gardners Bay and an Oyster Farmer I am concerned the wastewater treatment is beyond capacity and adding another 60 housing lots would no doubt make the situation worse. I, like many locals, have been given wait times of 4 weeks or more to see my doctor due to the lack of GP's in the area.

Roadkill between Cygnet and Huonville is a disgrace, those blue warning delinia posts should be installed all the way. They have been on trial now for at least two years from Randals Bay through Gardner Island I can say without needing to look at data they work a treat.

I am all for well planned and managed expansion but fix the existing problems before adding more stress to the system.

You are our elected council please act accordingly.

Kind Regards

Russell Southwood
