Dear Sir ,

Re Rezoning CT14964/2
Your ref SA 2017/00004

I am a resident at East Shelly Beach Orford and I wish to lodge an objection to the rezoning of this rural land .

It would appear this has been done without due regard for the extra water and sewerage infrastructure that will be required to service these residential Lots . The existing infrastructure is inadequate and only survives because many of the houses do not have full time occupants .

Yours faithfully

Rob Royle
