Prepared by esk mapping & GIS

The map displays a flood risk assessment for the Riverside area in Launceston. The flood risk is represented by orange and yellow shading, indicating areas of potential inundation. The map includes a grid with coordinates (507000 to 511000 Easting, 5414000 to 5416000 Northing). The flood risk is primarily concentrated along the Tamar River and its tributaries, with some scattered areas of risk in the surrounding residential areas. Numerous streets are labeled, including Ecclestone Road, Greenfield Drive, and various residential streets like Andrea Place and Dion Crescent. The coastline is shown on the right, with the label 'Launceston' in the water area.

A map of the Adriatic Sea with 32 numbered sampling stations. The stations are distributed as follows: 8 (northwest), 9-15 (northern coast), 16-17 (central coast), 18-21 (southern coast), 22-28 (southeastern coast), 29 (southeast), 30 (southeast), and 32 (southeast, highlighted with a red border).
