Dear Mr Ramsay

I refer to your request for further information (RFI Letter) dated 19 November 2024 and my previous correspondence on this matter.

Please find attached the Goods Shed conservation management plan. This responds to Item 21 as per the item numbers given in Annexure A of our 4 March response to your RFI letter.

As previously noted in my correspondence dated 7 May, a further iteration of the Conservation Management Plan will be later developed which will outline tested methodologies for the recording, dismantling, storage and re-erection of the Good Shed. This methodology will be developed in consultation with Heritage Tasmania, and a suitably qualified contractor. This cannot be developed at this stage of this process but is proposed to be provided as a condition of approval for the Project.

Should you require further information regarding the above, please contact me by email at anne@macpoint.com or by telephone on 0439 892 509.

Sincerely

Anne Beach
